

WHAT IS A CTI 100% CTI COORDINATOR

A 100% CTI Coordinator is the person that goes above and beyond the call of duty. The criteria to achieve this consists of those items that the Georgia DOE and Georgia CTI collectively feel a coordinator should attend to be recognized as a 100% Coordinator. The award is not associated with the coordinators POW. It is for the coordinator that is able to physically and financially participate in all of the criteria required. The 100% Participation Award is there to recognize the teachers that were able to make it happen. The criteria is set and presented each year at the annual GACTE Conference. The 2011-12 year is listed below.
